"HOW TO USE SOCIAL MEDIA TO BOOST YOUR FAMILY RESEARCH"

There is a significant amount of information available for genealogical research online. Social media allows for extended research and online networking to expand your knowledge base. We will explore various ways to use social media to access genealogical resources.

Note: We will be using Twitter, Facebook, Google Plus, Instagram, and YouTube. Make sure to have any login names and passwords available for these sites if you wish to follow along on your personal device.
